Liang Jin is a Developmental Lecturer in Accounting & Finance at Lancaster University Management School and a visiting research fellow at Warwick Business School. He joined Lancaster in 2016 after the completion of his PhD in Finance from the University of Warwick. He holds MSc in Accounting and Finance from University of Bath and MRes in Finance from Lancaster University. Prior to his academic career, Liang was an investment analyst for two years in China.

Liang's research interests lie in the areas of Behavioural Finance and Empirical Asset Pricing and his current research focuses on professional investor strategy, behaviour and investment performance. He has presented his research at international finance conferences including FMA, EFMA, BFWC, RBFC.
